How did you get involved with Push the Rock?

I got involved with Push the Rock three years ago when my brother asked me to coach at their summer camps. I coached three camps that summer and then went on to direct camps the following two summers. Last year, I began helping with the home school program. I taught the Thursday class and helped Dustin with the Monday class. Currently, I am teaching the Monday class.

What sports did you play growing up and which was your favorite?

I played a lot of sports growing up! In high school, I played field hockey, soccer, and basketball and I ran for the track team. In college I played field hockey, which is my favorite sport.

I went to Messiah College in Grantham, Pennsylvania. I graduated in 2009 with a Bachelors degree in Elementary Education and Special Education.

What is your favorite part about teaching the class?

I love stretching the students to try new things. Some of them have never played these sports before and it is so great when you see a student really enjoying something new.
